HARD SKILLS

Programming language

- C, C++: advanced
- Assembly: beginner
- Python: moderate
- Java / Android: advanced
- C#: advanced
- Web: moderate
- MySQL: beginner

Tools:

- Git / Github: moderate
- Docker: beginner

Personal Interest:

- Unity: advanced
- OpenGL/Vulkan: beginner
- Blender: moderate

LANGAGES

- French: native speaker
- English: B2 / advanced
- German A2 / beginner level

HOBBIES

- Rock Climbing
- Video games
- Creating plugins on Minecraft
- Reading (Heroic Fantasy)
- Cooking

Third year computer engineering student looking for a 6 month internship in video-games development starting July 2024.

EXPERIENCE

Autumn 2024

PROJECT: Created a graphic and a physic engine in C++ for the course "Math & Physics for video games" at the UQAC

July 2023

GAME JAM: Created a video game in 48h using the UNITY engine for the GMTK 2023 ([Website](#))

2021-2024

PLUGIN: Created and maintained several Minecraft plugins for events like the CTS or the Shadow Hunter

July 2022

GAME JAM: Created a video game in 48h using the UNITY engine for the GMTK 2022 ([Website](#))

April-June 2021

INTERNSHIP: Created and published a GIS MapMatching plugin on QGIS for the INRS research laboratory in Montreal (Canada). ([GitHub](#))

February 2021

GAME JAM: Created the video game "Mange ta soupe". UGA, Grenoble ([GitHub](#))

EDUCATION

2024-2025

Double diploma: Master's in Computer Science (Video Games), Université du Québec à Chicoutimi

2021-2024

Master engineering in Computer Science, ENSICAEN

2019-2021

DUT (two-year technical college degree) diploma in Computer science, Université Grenoble Alpes

OTHERS

- French driving license
- National Climbing Judge Diploma
- Certification Cambridge and Toeic English B2 (930)

REFERENCE

Michael Callaghan

Reader at the University of Ulster
Tutor during my second year
internship at the Ensicaen
([Linkedin Profile](#))

Myriam Mokhtari-Brun

Researcher at the GREYC laboratory
and teacher at ENSICAEN
